

" ...we saw 'The Terrible Grump' in Sheffield last week. My five grandchildren (and their parents and grandparents!) thoroughly enjoyed the show, and the ones who live in Shanghai are desperately trying to recall the songs, so I will send them a C.D. (after listening to it ourselves!)"

" Well done on a terrific show. I asked my six year old daughter what she thought at the end and she simply said "I loved it". The cast were a talented bunch I just wish there was a similar company locally as I teach, have been an opera singer, play dozens of instruments and wanted to be on the stage too! (In fact I sang along very loudly, so all was well!) I thought seven & eight year olds would have liked it just as much - it even covered some of the national curriculum in Music! Hope we see you again next year. Best wishes and good luck for the rest of the tour. "

" I have just returned from your production of the Terrible Grump at the Maltings in Berwick and would like to thank the cast and crew for a magical afternoon. The two children I took were spellbound and enjoyed every minute of it..... it should also be sold to schools as an introduction to music for Key Stage 1. It brought what can often be a dull and boring lesson to life in a magical way and was an experience I don't think my three year daughter, Sophie will forget. In fact her dolls became a bingle bongle band of their own , complete with cymbals! Thank you once again for a wonderful afternoon. "

Elaine Hastings, Berwick-upon-Tweed

" I am in raptures over the Terrible Grump...anybody interested in children's theatre should see this show...fantastic visuals, beautiful set.. if I had money, I'd sponsor it, if I had influence, I'd lobby for it - I don't have either but I'll get everyone I know to go and see it "

Catherine Blandford, Romsey, Hampshire.

" A truly magical performance, beautiful costumes, a fabulous set and actors who perfectly captured the attention and imagination of two little three year olds! Carry on the good work! "

" My daughters really enjoyed seeing the Terrible Grump (so did I). One of them drew an excellent picture of the Grump: Please send me an address for Monster Productions so that I can send a copy to you. "

Ian Draycott, Chester
