

" Please convey to everyone involved how delighted we were with The Terrible Grump...Quality children's theatre is not easy to find. In all departments you scored - a good, simple story; performances of great enthusiasm and commitment from the multi-skilled cast; excellent songs and musical content and a deliciously, colourful design enhanced by the detail of the puppets and costumes. We will be more than happy to receive news and details of future projects. "

Graeme Phillips, Artistic Director, Unity Theatre, Liverpool

" Halfway through a mediocre performance this summer, a child was carried out of our theatre screaming " Bring back The Terrible Grump! " So we've brought him back. We're delighted to give families another opportunity to see this magical show with wonderful characters, colourful puppets, music and participation. A comment from a parent says it all: "I am in raptures over The Terrible Grump... anyone interested in children's theatre should see this show.."

Brewery Arts Centre, Kendal, brochure for Dec 2000 - Feb 2001

" I thought the educational material for the Terrible Grump show was fantastic - my son Elliott is still talking about where we find the tune. "

Andrew Dixon – (then) Chief Executive, Northern Arts

"I would like to say how delighted we were to have your show "A Handful of Sand", and as per usual the kids loved it. Keep up the great work, and as I tell most people, Monster Productions showcases the best children's productions touring here in N.Ireland."

Niall McCaughan (General Manager), Derry Playhouse 2006
